RECRUITMENT SPECIALISTS

Dear Sir or Madam,

This is regarding Richard Anthony who works for Bruckshaw Associates. I applied for work with Bruckshaw's, among two other agencies in the same few days. I heard nothing from the others while Richard phoned me within an hour of our interview to inform me of a job possibility. He then emailed me a nicely detailed letter informing me of an interview with that same company, telling me when, where and who it was with. I was very happy with the results, as I was hired for a temporary position within the week.

Working with Richard and Bruckshaw Associates to find a job was effortless, and they matched me up with a position that is exactly what I enjoy doing. I have worked with agencies before, but never one that takes such pride in what they do.
